This is NOT an official transcript. Courses which are in progress may also be included on this transcript.

Important Note: New Grade: A grade of 'U' indicates an unauthorized incomplete and computes as an 'F' in the grade point average. Typically, this grade is awarded if a student does not participate in class attendance and class work after 10/31/12 for fall semester and had a failing grade at that time.

Recommendation
for
Caitlynn V. Childress

It is a pleasure for me to recommend Caitlynn V. Childress for the Tidewater VSCPA's Scholarship. I have known Caitlynn since August 2013, when she enrolled in my Intermediate Accounting class (ACCT. 301) here, at Christopher Newport University. Caitlynn was a very good student who always put a significant amount of effort in her academic work and was always well prepared. I enjoyed having her as a student.

Academically, Caitlynn has done very well in the School of Business and in her accounting courses. In addition to her academic abilities, Caitlynn has gained practical experience working as a sales associate for Macy's and for Five Below. She is also a member of our Accounting Club. I believe that these experiences have been beneficial in helping her develop both practical and interpersonal skills, which will be very valuable to her career. On a more personal level, Caitlynn is a very personable and polite young woman. My perception is that she is also responsible, motivated and well liked by her peers and by faculty members.

Based on her academic, professional and personal skills, I am confident that Caitlynn will continue to be an outstanding student. I also believe that she has the potential and the motivation for a very successful accounting career. Therefore, I think she is very deserving of a scholarship. Please feel free to contact me at (757) 594-7146 (office) or (757) 898-4351 (home), if you need any additional information regarding Caitlynn's qualifications.

Veronique G. Frucot, Ph.D.
Associate Professor of Accounting
Luter School of Business
Christopher Newport University

January 19, 2014

To Whom It May Concern:

When Caitlynn Childress asked me to write her a letter of recommendation for an accounting scholarship, I was over the moon. As a friend, she is the one of the most thoughtful people I know. As her manager at Five Below, she is the most efficient person I know.

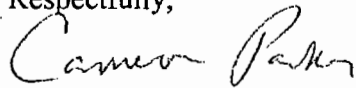

Caitlynn first started talking to me about her love and passion for accounting during our very first shift working together during the summer of 2013. When I asked her what she liked about college, she went into great detail telling me all of the methodical things she loved about accounting. She told me about her participation in the accounting club in her school and her desire to be a part of a business fraternity. I was impressed with her dedication and her decisiveness at such an early stage in college; I had no idea what I wanted to do when I was her age.

I was even more impressed with Caitlynn's work ethic. She has always been on time to work and even picked up extra shifts when I've asked her to. Caitlynn works well in both team settings and alone; she is one of the few employees that I haven't had to micromanage when left to her own vices. Any time a large remerchandising project has arisen, she has had a key role in executing it in a timely manner. To me, this speaks volumes of her ability to methodically work in any setting.

Moreover, Caitlynn is consistently a joy to be around. Her positive attitude has been a great asset to the morale here in a store where stress could take a toll on the employees. Her entire Five Below family looks forward to every shift she works with us.

I look forward to any endeavor Caitlynn has in store for her future. I have never met a young woman more deserving of any accolades coming her way.

Respectfully,

Cameron Parker

Extracurricular Activities

While attending school, I also have a part-time job at a retail store known as Five Below, at home, where I work over breaks and summer to save money. Recently, I decided to get involved with my community and I am proud to say I am currently a volunteer at The Virginia Foodbank of the Richmond Peninsula where I go weekly to volunteer a couple hours off campus. I am also a pledge for a co-ed business fraternity on campus known as Alpha Kappa Psi that I am more than excited to be a part of. In this fraternity, my main objective is to learn time management skills as a pledge and to become more linked with people in the business world, while learning to become more professional myself. Becoming more involved on campus is definitely one the greatest decisions I have made.

Since my first day at Christopher Newport University, I have financed my education the same way each year. My parents had me at a very young age and on top of that, have been divorced for many years. This situation has always made it hard for my family financially and things are always a struggle money-wise. They have always had big hopes and dreams of my education, as do I, in order for me to succeed in life and pursue a more stable future with more financial success. We have had to solely rely on financial aid to assist with my college expenses. Each year, my parents file FAFSA and we use the award provided. Typically, this is a combination of Student Loans, Parent Loans, and Grants. This of course leaves me carrying a lot of loans to repay that are currently in deferment until I graduate. I am actively working, and my parents and I pay what we can towards the interest until we consolidate the loans after graduation. I often apply for scholarships in hopes that I can obtain financial assistance to help me reach my dreams.

Once I graduate Christopher Newport University, I plan to use my degree to attend graduate school at either William & Mary or Virginia Commonwealth University to receive my masters. I also want to use my current educational experience to become an intern and further my knowledge in my future career as soon as possible. My ultimate goal is to use my education, experience, and degree to become a certified public account and start my career with a well-respected accounting firm where I am able to take advantage of my CPA license and everything I have worked so hard for.

I believe I should be awarded this scholarship because I am a very motivated, determined, and excited student who is working and giving everything I have to reach my career goal each day. Despite all of the hard work, I have fallen in love with the process of becoming great and cannot wait to see where my career path will take me next.
